- Contact your instructor with your questions about the assignments.
- The student must insure all the answers are free from any malware.
- The student must ensure all answers are legal as defined by the class syllabus.
- All parts of your answers must be neat and easy to read.
- Paragraphs are at least four properly constructed English sentences.
- Embedding documents within documents does not work with the D2L Bright Space assignments.
- Plagiarism will not be tolerated.
- Unless noted, all lab sections must be done as unprivileged login.
- Labeling answers is highly recommended.

4. **Lab 04: Application Software**
    4.1. Upload each answer to the D2L Bright Space Assignment section 4.1 before the due date found in the 1110a.pdf document. Submit a spreadsheet file containing only the following.
        4.1.1. Select and identify two different vendors. Provide the listed price for (require labels for items)
            4.1.1.1.   Identify the make and model of three long term storage options with the prices from both vendors.
            4.1.1.2.   Identify the size/capacity of each option.
        4.1.2. The cost of each item is in monetary units in a spreadsheet. A formula must show a subtotal and grand total with tax added.
        4.1.3. Add to each subtotal column the ability to calculate the tax. The formula and the tax rate must be changeable.
        4.1.4. Explain which option you would add to your system.
        4.1.5. Identify if an AI type program was used to complete this lab section. If an AI program is used, identify the AI system used.

    4.2. Upload each answer to the D2L Bright Space Assignment section 4.2 before the due date found in the 1110a.pdf document. Submit a spreadsheet file containing only the following.
        4.2.1. Provide a list of all the installed software on your system. The list must include the recording date and formula.
        4.2.2. Create a graph showing the relative popularity of software company products installed on your system.
        4.2.3. Identify if an AI type program was used to complete this lab section. If an AI program is used, identify the AI system used.

    4.3. Upload each answer to the D2L Bright Space Assignment section 4.3 before the due date found in the 1110a.pdf document. Submit a Portable Document Format (PDF) or word processing file containing only the following.
        4.3.1. Provide the complete copy of a EULA from closed source software on your system.
        4.3.2. Provide the complete copy of a EULA from open-source software on your system.
        4.3.3. Select an AI program to "read" the close source software EULA. Report the answer to "What countries is the software restricted and what are the restrictions for each country?".
        4.3.4. Select an AI program to "read" the open-source software EULA. Report the answer to "What countries is the software restricted and what are the restrictions for each country?".
        4.3.5. Identify if an AI type program was used to complete this lab section. If an AI program is used, identify the AI system used.

    4.4. Upload each answer to the D2L Bright Space Assignment section 4.4 before the due date found in the 1110a.pdf document. Submit a Portable Document Format (PDF) or word processing file containing only the following. Put your answer in a single document.
        4.4.1. Provide the URL of an authoritative site providing a recommendation about passwords.
        4.4.2. Provide the URL of a non-authoritative site providing a recommendation about passwords.
        4.4.3. In a paragraph, explain how you know if the sites are authentic and how you determined the authority status.
        4.4.4. Identify if an AI type program was used to complete this lab section. If an AI program is used, identify the AI system used.
