Add Printer

What type of printer do you want to install?

Add a local printer
Use this option only if you don't have a USB printer. (Windows automatically installs USB printers when you plug them in.)

Add a network, wireless or Bluetooth printer
Make sure that your computer is connected to the network, or that your Bluetooth or wireless printer is turned on.

Next

Cancel

The presentation selects the Add a network, wireless or Bluetooth printer.

The presentation selects next to continue.

Occasionally installations will request the credentials for the local administration group.

The presentation did not need to submit any credentials, so this is just watching the screen.
