

Release of Information Questionnaire
Revision: 9/1/2014

My memory is not what I think it was. The point of this questionnaire is to help me remember your best attributes. This will help me develop your recommendation for callers or written documents. I would very much appreciate your answers to as many questions as possible.

Thank you,

Tim Preuss

- Please list any nicknames or name changes you have had during or after our time.
- What was your favorite class?
- What was your favorite assignment?
- Which Information Technology activity did you enjoy?
- Which Information Technology activity did you excel?
- List accomplishment(s) you wish to highlight that I observed.
- Please list anything you think will help me craft your recommendation.
